

SHIPPING BOARD TO AID COAL TRADE

Ships and An Organization to Promote Trade in Foreign Markets.

WASHINGTON, May 31.—The Federal government has taken its first practical step toward the expansion of American coal trade in foreign markets by the creation of a Department of Coal Experts of the United States Shipping Board and by the announcement that it is now prepared to allocate ships for the delivery of increasing quantities of this fuel to Europe and to Central and South America.

The creation of this department was followed today by a conference at the Shipping Board offices between representatives of that board, of the State and Interior departments and of about 50 of the leading coal operators of the country to work out a program which promises to put the coal mining industry of this country upon a firmer basis, and in the aid to add materially to the nation's wealth.

Chairman Hurley in opening the conference made the announcement that the government was now in a position to back the coal producers and exporters to the limit of its available shipping resources. He declared that the United States could sell coal at a profit at Newcastle itself, and that any nation with the coal tonnage which America possesses, coupled with a great merchant fleet of its own, was in a position to dominate the coal business of the world. He added that there would soon be plenty of ships to meet all coal export demands, and that the overseas shipping of the great coal ports of Baltimore, Philadelphia and Norfolk soon would attain enormous proportions.

Tells of European Markets. These assurances were later repeated by Assistant Director of Operations Taylor, of the Shipping Board, who presided, and by H. Y. Saint, of Seattle, the head of the new Department of Coal Experts. Van H. Manning, director of the Bureau of Mines and representatives of State department committee on export promotion further enlightened the coal exporters upon the policies of the government and upon the unparalleled opportunities for money-making which foreign fields now offer to American coal enterprises. The situation with respect to France and Belgium was particularly emphasized by Mr. Manning, who has just received a report from a personal representative now in Europe. This shows that those two countries alone are in the market for 42,000,000 tons of coal. In brief, this report shows the French and Belgian situation to be as follows:

	Tons
Destroyed French output...	20,000,000
Reduced Belgian output...	9,000,000
Normal French imports...	21,000,000
Normal Belgian imports...	4,000,000
Total	54,000,000

Guests in the City.
Charles P. Moore, of Ravenswood, and his daughter, Miss Amy Katherine Moore, are in the city the guests of the former's sister, Mrs. Robert Fleming and daughter, Miss Mae, in Fairmont avenue. Miss Moore is a student at the West Virginia University.

The Co-Operative Wholesale Society of Manchester, England, has decided that its employees, numbering 30,000, should join trade unions.

CARD OF THANKS.
We desire to thank the many friends and neighbors for their help and loving kindness during the illness and death of our darling baby and sister. E. C. PHILLIPS & FAMILY. 5-31-14.

LADIES
When irregular or delayed use Triumphant Pills. Safe and always dependable. Not sold at drug stores. Refuse others, save disappointment. Write for "Relief" and particulars; it's free. Address: National Medical Institute, Milwaukee, Wis.

EAST SIDE -- NEWS --

Kings Herald's Service.

The King's Herald's service at the Diamond street church on Sunday evening promises to be a most interesting and instructive one. These little missionaries, the Senior and Junior King's Herald's together have spent much time in preparing the program for this service which consists of several special solos and select readings, some sketches of Philippine Life and other exercises portraying missionary work. The principal exercise is a beautiful one entitled "The Shining Light." This is participated in by fifteen girls and promises to be of more than usual merit. The public is invited to this service.

Death of Mrs. Pearl Wilson.

A message was received here Friday telling of the death of Mrs. Pearl Wilson at her home at Phoenix, Arizona. Mrs. Wilson is the youngest daughter of the late Mr. and Mrs. John Wilson.

Female school teachers in the United States are fast organizing unions to demand more pay and recognition in the conduct of schools by representation on local boards.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. C. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.
